

# Great Harvest Bread Co.®

BURNSVILLE EDITION

JANUARY 2018

## Recharge with Healthy, Delicious Whole Grains

### Whole Grains Are Good For You.

At Great Harvest, we grind Spring Wheat kernels fresh every day to make our whole wheat flour. And we do mean “whole wheat,” because we keep all three parts of the kernel: the endosperm, the bran, and the wheat germ. All flour starts to lose its nutritional content soon after grinding, so we use our flour within 48 hours. We then bake it to seal in freshness. This is why Great Harvest bread has superior nutritional value.

### Whole Grains Taste Great.

We're continually surprised by how many of our customers still don't know we grind our own Whole Wheat Flour fresh every day! It is the hallmark of what we do. Just like fresh ground coffee beans make a better cup of coffee, fresh ground grains of wheat make a better tasting loaf of bread. Until you taste bread that fresh, chances are you've never really tasted the true flavor of wheat.

- In each newsletter's daily schedule, all 100% Whole Grain breads are in **BOLD**.
